Art Group	This art group is a former water colour landscape class that lost its teacher several years ago. We have carried on as a group, but without tuition. We felt we had learnt enough to develop on our own and do different projects to each other. Some people do pictures, some do cards and some mix and match. There are presently 17 in the group - mostly women, but we have a couple of men. It is a very sociable group and we usually get together for a meal at Christmas.
